Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Murphy on 10/14/05.

The fact that claim 47 on the claim listing filed by applicants via facsimile on 9/22/05 inadvertently contains illegible text and misses certain text, caused by the process of facsimile, necessitates the following amendment, which merely deletes the illegible text and put back the missing text which was present in the claim 47 previously filed on 3/23/05.

In the claims as filed on 9/22/05:

In claim 47:

after "said set points; and" of line 15, delete the next line which contains the illegible text, and insert therefor the following:

-- (vi) transforming said signal values according to said registration transformation equation and said parameters, thereby providing normalized genetic data; and

(d) a clustering module comprising commands for --
